

SON OF CHINA'S PRESIDENT TO BEAR HAWAII'S GREETINGS HOME

Under the banners of the new-born Republic of China and, standing directly in front of eight pillars, representing the eight islands of Hawaii, Mr. Sun Fo, son of President Sun Yat Sen of China, was presented to the cosmopolitan population of Honolulu last night in the United Chinese Society Hall on King street. Rev. Frank W. Damon, assisted by Mrs. Damon and well known ladies of the Chinese community, had the hall most exquisitely decorated and when the hour for the reception arrived at 8 o'clock, the hall was filled to its utmost capacity. Altogether about five thousand people were presented to the son of the first President of the Republic of China.

The reception was of an unofficial and informal character, and Governor Frear and other government officials were absent. There was, however, a large delegation of educators under whose instruction Dr. Sun, secured his first education.

Prominent among those who stood at the receiving line with Mr. Sun Fo, were Rev. and Mrs. Frank W. Damon, President and Mrs. Griffiths of the Oahu College, Rev. Saylor of the Iolani College, Brothers Henry and Luis of the St. Louis College and other teachers under whom Dr. Sun learned the fundamental rules of modern civilization.

After the guests had been presented to Mr. Sun Fo, Mr. Damon, acting as chief spokesman, read a testimonial which he asked the son of President Sun to convey to his father as the greetings of the Chinese in Hawaii. Mr. Sun Fo responded briefly and to the point. The Chinese Ladies' Society, headed by Mrs. Lau Tang and Mrs. Chang Kim, next stepped forward and expressed their gratitude and congratulations at the election of Dr. Sun to the Presidency of China. A number of Chinese young ladies then followed and took their station on the Waikiki side of the hall, where they sang "My Country 'Tis of Thee" in the Chinese language. This done, the Hawaiian Women's Society, with Princess Theresa at the head, marched up and decorated Mr. Sun Fo with ilima and malle leis. The ladies were attired in white holokus and they lined up before Mr. Sun Fo, after they had made their presentation of flowers, while the Kaala's quintet club played "Aloha Oe."

Prominent among those present were President C. K. Al of the Chi-

nese United Society, who is also a member of the revolutionary society, and Mrs. Al, Vice-President Young Quong Tat and wife, Secretary William Yap Kwai Fong and wife, Mr. and Mrs. Luen Yip Kee, Mr. and Mrs. Young Yen Quon, Mr. and Mrs. Hong Quon, Mr. and Mrs. Chu Ming, Mr. and Mrs. Chu Gem, Mr. and Mrs. G. Kim Fook, Mr. and Mrs. Loo Joe, Mr. and Mrs. Ho Fong, Mr. and Mrs. K. Kan Sun, Mrs. Chang Kim, Mr. and Mrs. Lau Tang, Mr. and Mrs. Leong Leong, Mr. and Mrs. C. F. Zen, Mr. and Mrs. Chang Chau, Mr. Ng, Che Wah Kwok, Mr. and Mrs. Wong Leong, Mr. and Mrs. Lui Kwan Chun, Mr. and Mrs. Leong Hoy, Tam Kwai, Wong Teo Ting, Mr. and Mrs. F. W. Damon, Rev. and Mrs. Saylor, representing Iolani College; Brothers Henry and Louis, St. Louis College; Superintendent of Public Instruction and Mrs. Pope, President and Mrs. Griffiths of Oahu College, Mr. and Mrs. B. F. Dillingham, Hon. A. L. C. Atkinson, Mr. and Mrs. W. R. Farrington, Collector of Internal Revenue and Mrs. Cottrill, Mr. and Mrs. M. L. Heen, Dr. and Mrs. Scudder, Mrs. Ayau and Miss Ayau, Mr. and Mrs. J. H. S. Kalo and others.

U. S. AND LOCAL MEN ADJUSTING LEASES

Adjustments between the United States government and the lessees of large tracts of the old crown lands, now included in the Schofield Barracks reservation, are taking up the attention of army heads here at present. This morning General Macomb, Captain Carter and Lieutenant Andrews made the trip to Lihoua to confer with several of the leaseholders and make arrangements for direct government control of the entire 14,400 acres of the reservation.

The 30-year leases under which the Dowsett company secured most of the land from the Hawaiian monarchy, subleasing to about ten renters, expired on January 14. With the expiration of the old lease this immense tract comes into the hands of the United States in fact as well as in name, and the question of claiming the pineapple, sisal and sugar tracts becomes an important one.

The government has agreed to allow the leaseholders to continue in possession until their crops mature, under certain restrictions, but at the end of that period the entire acreage will be turned into military reservation, and no further rentals will be considered.

The yearly rental for the 3000-odd acres at present actually occupied by the troops will cease. The United States has been paying \$25,000 annually for the right to use land which it actually owns, and besides this has been forced to put up with certain concessions inside this rented area.

Communications have been flying between the lessees, the Department of Hawaii and the War Department for some time past, but the whole matter will be adjusted within a short time by the department commander here.

Lau Bok Mun, a young Chinese woman, who has for years been a resident of San Francisco and identified with the Red Cross movement, is a through passenger in the Chiyo Maru which called at this port this morning en route to Japan and China. She will affiliate with the Red Cross forces in the new republic. On the same vessel is said to be her intended husband, who in the person of Lo Chung Pok will take up arms with the revolutionists.

EDUCATION COMMISSIONER W. O. AIKEN returns to Maui Friday next.

Auto Ran Him Down

Struck by an automobile driven by Robert R. Catton, according to the report made to the police, Walter Maurice, a negro, was hurt and taken by Mr. Catton to the Queen's Hospital. He was discharged on January 13.

Mr. Catton in speaking of the matter today stated that he was alone in the automobile on the night in question and not accompanied by officers as generally reported about town. The negro was evidently intoxicated. Catton was driving at a moderate pace and accidentally struck the man. Mr. Catton stopped his machine. The negro responding to questions said he was not hurt. Mr. Catton, however, took him in his machine and carried him to the Queen's Hospital, where he was cared for.

Mr. Catton says that there need be no worry over the hospital expenses.

MARYLAND SENDS BACK ALOHA BY WIRELESS

From the cruiser Maryland, churning the broad Pacific on her way to Guayaquil, comes a wireless aloha to the people of Honolulu. The message was received this morning by Admiral Thomas, being signed by Captain Elliott of the Maryland.

It is as follows:
To Commander in Chief, California:—The hurried departure of the Maryland on an errand of public duty made goodbyes to all of our friends impossible. Inability to speak our thanks for numerous kindnesses adds to our regret at parting. Honolulu will always be remembered by us as the delightful home of many friends to whom the captain, officers and crew of the Maryland are particularly indebted and whom they look forward to meeting again. We would be pleased to have this made known to them through their public press as no other way seems possible.

ELLIOTT.

HAS SUED CAPT. GREENE

(Continued from Page 1)

script necessary for the wedding next day, and that then the defendant "failed, neglected and refused to keep his part of the contract, although the plaintiff at all times was willing to perform her share of the obligation"; that by this action "defendant held her up to public scorn and ridicule, caused great mental and physical pain, severe mental and nervous shock," etc., etc., ending with the conclusion that she was injured in the sum of \$50,000, in addition to the loss of the \$1000 she had expended for her trousseau.

"It's all a bunk and graft proposition, and has been from start to finish," hotly declared the captain last evening. "I spent several thousand dollars on her, bought her an automobile, gave her thousands of dollars' worth of jewelry and even deposited \$1000 in the Bank of California on the eve of the wedding to her credit, which I withdrew next morning after I had decided the wedding bells would not ring for me."

A cablegram from Delegate Kuhio was received in the city this morning in which he states that the President will investigate his charges made against the administration of Governor Frear. Kuhio does not give any details as to the method of the investigation.

DISCOURAGED GRIP VICTIMS

Can Drive the Germs From the System by Building Up the Blood.

Few diseases so shatter the health as the grip. Its victims all tell the same story. They are left despondent, tired, faint and wretched in every way. They have no appetite, ambition or strength, cannot sleep, and suffer from headaches, backaches and nervousness. In this weakened condition lies the real danger from the grip. The body falls an easy prey to bronchitis, pneumonia and even consumption. Nearly every form of nervous trouble has also been known to follow an attack. The work of the grip is so complete that many of its victims date their years of sickness from a single attack.

Dr. Williams' Pink Pills for Pale People give the quickest and most thorough relief from the after-effects of the grip. They build up and purify the blood, drive the poisons out of the system and give strength and tone to the entire body. They make the body able to resist the dangerous diseases which follow an attack.

Mrs. David Watson, whose address is R. F. D. No. 5, Sedalia, Mo., says: "A severe attack of the grip left me a physical wreck. My throat and lungs were affected and I had a dry, hacking cough. I kept getting worse and had two bad hemorrhages. My throat seemed to be paralyzed and for ten days I could not speak a word. I kept losing flesh and strength until I was almost a living skeleton. I had difficulty in walking and finally could not walk at all. For months at a time I was confined to my bed. I was treated by several local doctors, and also specialists at St. Louis. One specialist said I had lung trouble while another pronounced it rheumatism of the throat. I doctored for nearly four years and don't believe I received a bit of help. The doctors gave me one thing after another and one of them burned my throat with electricity. I was discouraged and finally changed my treatment to Dr. Williams' Pink Pills for Pale People. In a short time my throat felt much better and I could talk better. I gained in flesh and color and after a good trial of the pills I was cured."

Send today for our free booklet, "Diseases of the Blood."

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50c. per box; six boxes, \$2.50, by the Dr. Williams' Medicine Co., Schenectady, N. Y.

HOMELESS CHILDREN

(Continued from Page 1)

Out of eighty-six children brought into the juvenile court as dependents Judge Whitney has found homes for eighty of them, but has just about reached the limit. "What we are going to do now," he said this morning, "is more than I can tell."

From inquiries made in official circles there is no fund of any kind that might be drawn upon to establish such a home as would be necessary, and the only thing that can be done is to have someone take the movement in hand to start a charitable institution for the little ones. Apart from the dependent ones there are hundreds of little children who have committed no real crimes and who could, if they were taken in hand, be turned out as good citizens.

There is a law on the statutes compelling the parents to look after their children, but it has never been put into operation except in isolated cases. Judge Whitney has tried to have a law passed turning the parents over to him, but the Legislature has not been willing to do so. Day by day the situation is growing worse, and unless some charitable institution is started matters will soon be chaos.

THE CLARION

CORNER FORT AND HOTEL STS.

If you could get an expert to help you buy everything you need, as you can at THE CLARION when you buy clothes, you would indeed be fortunate.

We've picked out the best Spring Styles in the world, and stand ready to help you make a selection.

SPECIAL MODELS MADE FOR YOUNG MEN: MADE FOR YOUNG FIGURES

A few of our specialties are: Silk Socks, Linen Handkerchiefs, Silk Suspenders, Neckwear in latest patterns, Umbrellas, Gloves, etc.

LYMER NAMED TO PROSECUTE MEN

(Continued from Page 1)

men the committee has built up men trained to find insanitary and mosquito-breeding spots and trained to know just what to do about it.

Twenty-Four Hours' Notice.

"These men will serve notice upon the householder, and twenty-four hours only will be given to remedy conditions that can be remedied in a short time, as is usually the case. If the householder does not then act, the special deputy attorney general will."

"Mr. Lymer joins the forces on January 20. He will have his headquarters at the Board of Health, with clerks and assistants, and he will devote all of his time to this work."

"The citizens' committee has cleaned Honolulu thoroughly once and a large part of it again. It has hunted out and remedied insanitary spots and put an end to thousands of mosquito-breeding places. But it is obvious that the committee can not continue to do this. It has not the funds, nor is it the province of the committee to do what the householder should do as an individual."

"The Territory, through the Board of Health, has enough laws and regulations to care for this, if they are carried out, and it is to see that they are carried out that Mr. Lymer is to become head of the legal department."

"All persons will be treated alike, and only in cases where the individual refuses to do the work he should do will it be necessary for the law to step in. Where Opposition Lies."

"At the time the order was issued

for the banana-tree cutting there was some decided opposition to it, some of those loudest in their protests declaring that they were willing to comply with all the other sanitation rules but this. The fact remains that the people who refused to cut down their banana trees are in many cases the people on whose premises the inspectors have since found conditions insanitary, and they are the people who take the attitude that we must do the work for them."

"Now what we want is cooperation. As Dr. Blue said, we wish to make Honolulu perfectly healthy, and all good citizens are invited to come in and help us."

Lymer Outlines Plans.

"We shall be breaking new ground," stated Judge Lymer this morning. "Heretofore the sanitary inspectors when they have found something insanitary have gone and remedied it. The Board of Health has been spending a great deal of the public money. The last Legislature passed a provision, however, whereby certain sanitary charges devolve on the householder himself. We propose to enforce this act, and I will get out a circular letter stating the substance of the matter and asking the householders to make and to keep their premises clean."

"We shall give everyone reasonable time and will not in any way be arbitrary or inconsiderate of the rights of persons. If within a reasonable time, however, the provisions of the law have not been complied with a penal summons will be issued. The person will be fined and in addition an order will be obtained from the court making that person keep his premises clean. If he still refuses to do so, then he can be cited for contempt and be put in prison."

"There is to be absolutely no discrimination shown, the highest or the lowest will be treated in just the same manner."

PERSONALITIES

ST. JOHN CHILTON, with the American Trading Company in Japan, is returning to Yokohama and to station as a through passenger in the Japanese liner Chiyo Maru.

F. W. BECK, a prosperous agriculturist of the state of Nebraska, is among the passengers in the Japanese liner Chiyo Maru, who decided to lay over at Honolulu for an extended visit.

Dr. LOUIS SCHWARTZ, of the Marine Hospital service at Manila, Philippine Islands, is a through passenger in the T. K. K. steamer Chiyo Maru. Dr. Schwartz is accompanied by Mrs. Schwartz and child.

GEORGE F. DESHIER, one of Manila's well known business men is returning to the Philippines after an extended trip through the mainland visiting the big commercial centers along the Atlantic seaboard. He is a through passenger in the Japanese liner Chiyo Maru.

LEE HOCK NE, an official connected with Young China Association and in charge of a party of eight revolution sympathizers en route to China, was a visitor at Honolulu today, as a passenger in the T. K. K. steamship Chiyo Maru. A large gathering of local Chinese were at the wharf this morning to greet the party.
